Vol. XX

WEDNESDAY, OCTOBER 10th, 1923.

No. 40

## "Let Us Give Thanks"

A Suggestion by the Editor of the "Didsbury Pioneer."

Alberta has been enormously blessed with the largest crops in its history this year and considering the conditions which existed at this time last year we should feel exceedingly thankful that the Almighty has so blessed us that climatic conditions has made this possible. Another cause for thanks, giving in the fact that we in Canada, and especially in Alberta, in such a condition of prosperity in comparison with old world conditions that we should be more thankful for the mercies extended to us.

The editors of the Didsbury Pioneer would respectfully suggest that because of these conditions we have greater reasons to celebrate Thanksgiving Day more sincerely than usual this year, and would also suggest that all the churches in town combine together for one big special Thanksgiving service on the Sunday afternoon before Thanksgiving Day. This service could be held in the Opera House under the auspices of all the churches, consequently undenominational. A small committee could be formed of two members or more from each church to make the arrangements and no doubt the people would be generous enough at this service to cover the little cost entailed by the usual collection taken up at this service. A program consisting of short addresses by each minister in town should be given but we believe that the audience should be given a large part in the program with a song service of praise. However that could all be worked out by the committee. Now is the time to start preparations so that all the publicity possible could be given to the cause.

The above would not necessarily interfere with any Thanksgiving service which each church would like to conduct individually but would perhaps be the means of drawing together a lot of people who are not connected with any of the churches but would like to express their thanks in this way.

## Report of W. C. T. U. Convention Held at Red Deer

Didsbury Organization Wins Provincial Banner.

**ATTEND W. C. T. U. CONVENTION**  
The eleventh Annual Provincial Convention of the W. C. T. U. convened in Red Deer on October 3rd and 4th with 62 delegates in attendance.

Delegates from Didsbury were Mrs. H. Reiber, Mrs. M. Mueller, Mrs. J. Hehn, and Mrs. T. Murphy of Westcott.

The keynote of the convention was prayer, for the God of Battles is our strength, therefore we should be strong and of good courage and when we have done all we can in this right, God will do the rest.

The aim was the mobilization of all women for this campaign, many of whom are being side-tracked by the arguments of confusion and are failing to recognize the real issue. Mrs. McKinney urged the women to organize a campaign of education in defence of their homes.

During the past year the import-

ant work of Canadianization was carried on by the W. C. T. U., in placing a worker in the Rutherford colony, which work met with such splendid success that Mr. Kretz's services are to be retained for another year, being supported by the W. C. T. U.

The Provincial banner for the Loyal Temperance Legion was awarded to Didsbury, of which this organization may justly be proud.

In the essay contest the prize for Grades 9 and 10 was awarded to Didsbury, Arthur Stettler being the winner and for grades 11 and 12 the prize was awarded to Stettler.

## Some Interesting Notes On Local Curling Situation

TO ALL INTERESTED IN CURLING TO WHOM THESE PRESENTS SHALL COME: GREETINGS

Dear Sirs—The Curling season is drawing closer every day, and some thoughts on our winter's sport here may not be out of place. A few of our old curlers have removed from our midst and new faces have arrived to take their places. We speed the old ones on their several ways wishing them success, and welcome the new ones among us.

Curling here in the past few years has made wonderful strides. The average quality of play is much improved, and it will not be long before we can put Didsbury on the Curling Map of Alberta.

It is to be hoped that the harmony that has prevailed in the sport will continue all this winter. We hope for close competition in order that a healthy interest may be maintained until the last rock is thrown. We have first class material from which to select our skips, and we need a large number of new members in order that as many rinks as possible may be formed to give scope for development to as many experienced players as possible.

We need now green curlers also to enable us to make a good selection for the "Green Rink" in Mitchell Cup games and thereby maintain the record of this club in this competition. Surely the time has arrived when we can get two experienced rinks together here strong enough to warrant us in making a bid for the Macdonald Trophy, the premier curling prize of Southern Alberta. We have never so far competed for this trophy but let us gird on our armour, show our courage to the sticking point, take our stances and brooms and make the effort. Our first efforts in Mitchell Cup play were not successful, but after several attempts we managed to lift the trophy four times. Is it not reasonable to suppose that some success will follow our efforts in the Macdonald Trophy games?

There has been some talk here of playing double rink matches for the Bantams. This would take away the personal element to some extent and would insure more curling to a larger number of players. It is rumored that another set of buttons can be procured for this purpose provided the club sanctions the play. It has been suggested that a good way to put the buttons into play this year would be to play off one round, then the winners of the first round would continue for one set, and the losers in the first round would continue for the second set. In this way each rink would have two chances for an initial session of the buttons. Double rink competition would then continue on Wednesday and Saturday nights for as many ends as is agreeable to the club.

Last season many rinks from other clubs visited us, Little Red Deer, Olds, Calgary, and Inverell, and our boys played return games in the above towns and also went to Crossfield. These games were in addition to the Mitchell Cup games; Didsbury

played 8 times for the Cup last year and won three times and were very close on nearly every occasion that they lost.

Does our past record not justify us in expecting and hoping for a splendid season this winter? Now is the time to stir up interest and get in line for action. New rocks are necessary and it is hoped that as many as possible will provide themselves with them. In this way our local schedule will be least disturbed when some of our boys are curling away from home.

The writer is not in any way looking for a continuance in the office held by him these two years past. It is an office in which many embarrassing situations and problems arise during the course of the season, and these to a more or less degree take some of the joy out of life. Two years in succession is long enough for one person to occupy this position. A new President starts with a clean sheet and has his own troubles yet to meet and make. The writer will do his best to assist in any other way desired to promote the best interests of the Club.

Let us all get behind the Curling Club and see it through for the most successful season in its history.

Yours sincerely,

Earl E. Freeman.

John F. Miller, Alberta's Sight Specialist will be in Didsbury at the Hotel on Friday, October 13th for the purpose of examining and correcting all defective eyes.

## WANTED

Stoves, tables, chairs, or any old piece of furniture you have no use for I can sell them for you.

Don't forget that I can clean and repair clocks, watches and jewelry of all kinds at moderate prices. All work guaranteed at the repair shop.

## The Public School Fair

The third annual school fair was held at the fair grounds on Friday last. There was not a very large attendance, the farmers and their families being altogether too busy to attend this interesting exhibition this year.

The exhibits, especially in some classes, notably the roots and vegetables and drawings, were extremely good, in fact the whole exhibition was a credit to all the schools participating and showed the value of these fairs which encourage the youngsters to try and excel against their fellow pupils in the other schools.

It was unfortunate for the Fair

One \_\_\_\_\_  
On Account CANADIAN POWER FARMER.

**YOU GET**  
THE AMOUNT OF THAT CHEQUE

We have made arrangements with the R. H. Heath Co. Limited who publish the CANADIAN POWER FARMER whereby we are able to offer that farm magazine together with our own weekly at the one price for both papers.

THE CANADIAN POWER FARMER is a Western Canada's biggest farm monthly. It is now on its twentieth year which means that it is thoroughly established throughout the West. It deals with the mechanical side of the farm. Every issue is full of helpful hints and experience on the operation of all kinds of farm machinery from a washing-machine to a tractor. Its editorial staff consists of men thoroughly familiar with every branch of farming from the practical and theoretical standpoint. Every month the magazine publishes experienced hints to its readers. Many of these are short and helpful and are real money to farmers.

This offer may be withdrawn at any time. Without further notice it is to renew for one month. Those who take advantage of this subscription to this week together with a year's subscription to the CANADIAN POWER FARMER for the same price as the weekly alone. This is where you get the \$1.00.

Mail your cheque or drop into our office the first time you are in town.

**GET YOURS TO-DAY**  
THE ONLY WAY TO GET YOURS IS TO GET A CHEQUE FOR \$1.00

that there was not a larger attendance of visitors but the cause of this for this year was so good that the officials should not feel disappointed in their efforts for the children but continue with greater vigor to prepare for next year's exhibit.

The energetic Secretary, Mr. Fisher, is to be congratulated on his efforts in the promotion of this Fair.

## "Fair Play"

"Public statement has been made by the Prohibition forces of their determination to fight clean and above board in this campaign. We believe that the large body of Prohibition campaigners are playing 'Fair'."

On the other hand the "Wets" can say apparently, only the game of misrepresentation and unvarnished lies. They tell us they are Moderationists and in the same breath ask for the "wettest" proposition ever placed before an electorate. They tell us that drinking will decrease under their system and yet say that the government is going to get rich selling "hooch". They tell us that so called "government control" is a success, whereas every trial has proven it to be a glaring failure.

They tell us that Government Control pays. It does pay the liquor interests. The very fact that they fear clause "D" shows that it would pay them. Under Government Control, the cost of increased police force and administration of justice and keeping up institutions to take care of the violators of law and the by-product of the "booze" business mounts sky high. Facts from the situation in B. C. prove this conclusively.

"They say vote 'wet' and restore respect for law and order. How dare

they who have been the chief offenders against law and order expect us to believe their argument. Let the voters show us directly how to respect 'law and order'.

If Government Control pays why do the business men of B. C. clamor for it's abolition?

The Local Prohibition Committee. Adv.

## Here and There

The total quantity of sea fish landed on both the Atlantic and Pacific coasts during the month of July was 323,043 cwt., valued at \$2,712,410 to the fishermen, compared with a catch of 373,352 cwt., valued at \$2,897,739 in July, 1922.

Cattle in north Alberta's herdsed herds now number more than 2,000,000. This industry has also the wine industry have increased amazingly in the northern part of the Province in the last few years.

Carrying large consignments from the Hudson Bay Government and the British Columbia branch of the Canadian Red Cross, the Canadian Pacific S. Empress of Russia was the first ship from the American continent to arrive with relief for the earthquake and famine stricken people of Japan.

Nearly \$10,000 in fur royalties was collected in The Pas, Man., by the chief game warder last winter. This does not include the royalties collected from the Hudson Bay Company and Reilly Bros, which will more than double this amount. This does not include bounties secured through taxes, licenses and other sources of revenue.

Crematory built under in Alberta took a total of 149 prizes out of 236 prizes offered, or 63 per cent, at exhibitions at Edmonton, Calgary, Regina, Brandon, Saskatoon and Vancouver this year. Out of 11 open championships offered, Alberta butted two. In the Calgary exhibition six provinces competed, in three others four provinces competed, and in two others three provinces competed.

British Columbia has reached the peak of the biggest tourist season in her history, and it is estimated that as a result of the enormous travel and the expenditure of tourists while in the province this summer, will be worth at least \$50,000,000. The opening of the Banff-Windermere motor highway through Canada's rock garden was largely responsible for this increase in tourist traffic through the Pacific province.

Gold producers in the Province of Ontario during the first six months of 1923 report production of 254,446 ounces gold and 66,441 ounces silver, of a total value of \$7,241,081 shipped by the Porcupine producers, and from the Kirkland Lake producers 69,691 ounces gold and 6,515 ounces silver, of a total value of \$1,432,373, or from the two camps a total value of \$8,673,454.

The Canadian Pacific Railway will contribute \$25,000 for the relief of the sufferers in Japan and have also decided that supplies of Canadian food-stuffs and clothing donated, or purchased with money donated for relief work, will be transported free over the Company's rail and steamship lines. President E. W. Beatty made this announcement while making a tour over the Company's lines in the West with a party of directors. He added that this action had been taken because of the reports of the intense hardships due to the disaster, and notwithstanding the fact that the Company had lost heavily by the catastrophe.

The following editorial recently appeared in the Windsor "Border Cities Star": A recent cargo of silk, on route from China to New York, was shipped via Vancouver and the Canadian Pacific Railroad and crossed the St. Lawrence to Quebec, New York, instead of being sent across the United States from San Francisco. The incident offers something for Canadians to think about. It proves what a splendid service the Canadian Pacific offers in its rail and steamship lines. In a country like Canada, transportation is all essential, and the way the Canadian Pacific has carried on, in spite of the business difficulties which beset it, is a credit to the nation which conceived it. Finally, the incident calls attention to Canada's splendid gateway to the East. Although China is in a chaotic political condition, just now, the huge Oriental nation offers wonderful trade chances in the future. No nation is better placed for getting its share of this business than Canada.

In a letter on "Canada and Land Settlement," published by the Morning Post, Sir Geo. McLaren Brown, European manager of the Canadian Pacific Railway, says that the agricultural salvation of Western Canada lies in mixed farming, which calls for smaller and more numerous agricultural holdings than wheat growing does, and results in closer settlement and better communication. The bigger and more densely settled the rural population, the more social amenities there are and greater advantages generally, he says.

## Germany Is Willing To Give Guarantees To End Ruhr Dispute

Berlin.—Chancellor Stresemann, in an address today, declared: "We are ready to give real guarantees in order to secure freedom of the Ruhr."

He qualified that a solution of the problem could not be obtained by passive resistance.

Addressing a gathering of newspaper editors, the Chancellor, after reviewing the economic position, turned to foreign questions and said that without a solution of the foreign political dispute the financial situation could not be settled and the collapse of the mark could not be restrained.

A solution of the Ruhr dispute could not be achieved solely by continuance of passive resistance; nor could the question be settled by a policy of force.

"For us," continued the Chancellor, "the question of the sovereignty of the Rhineland and regaining the freedom of the Ruhr territory is decided. For it, we are ready to give real guarantees. Mr. Poincaré, in a recent speech, said he intended the positive securities which France had in hand to the fullest theoretical degree. He did not intend to exchange pledges for general guarantees."

"What I suggested related to the direct expropriation of private property. If mortgages in favor of the Reich were entered into on property of a state and on private property of economic organizations or a pledge to the extent of a percentage of this property, then these mortgages could be transferred to a trust as a real negotiable asset."

"In the administration of this trust, the cooperation of the Reich would be required. The proceeds deriving from these mortgages would be paid to the creditor, who would then be in a position to issue. Thus, France would come into financial possession of large sums of money and the interest on these payments would be guaranteed."

"Before these guarantees can be obtained, Germany must be permitted the right to administer the Ruhr and recover her sovereignty in the Rhineland. These guarantees are capable of solving the question of passive resistance, provided we are given assurance that on the basis of such an understanding the Ruhr will be evacuated and the Rhineland will be accorded its former status."

### Royalty Benefits By Lord Farquhar's Will

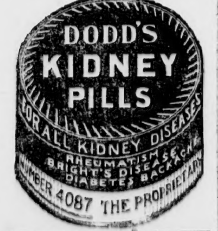

Bulk of Lord Steward's Estate Goes to Royal Family

London.—Lord Farquhar, who died recently, left the bulk of his £2,000,000 estate to the members of the British royal family. Half the estate will go to Princess Arthur of Connaught.

Lord George, the Earl of Southesk, will receive £500,000. To Prince George, youngest son of King George, will be bequeathed £2,000,000. King George will get anything he may select from the residence of Lord Farquhar, Queen Mary is bequeathed the Earl's property at White Lodge, Richmond Park, the home of the Duke and Duchess of York.

The late Earl of Farquhar was formerly lord steward and master of the household of King Edward and King George.

Winthrop—J. C. Gordon, for many years one of the leading druggists of Western Canada, died suddenly, aged 70.

W. N. L. 1929

### Eskimos to Pay Penalty

Two Murderers Sentenced to be Hanged in the Far North

Edmonton.—A special dispatch to The Bulletin, from Fort McMurray, says:

"At the Herschel Island detachment station of the Royal Canadian Mounted Police, in the Arctic Ocean, two Eskimo murderers sentenced to death by Justice James Finlay will be hanged by the Government executioner on December 7. Another coast native, also accused of murder, received a sentence of three years' imprisonment."

The executioner, who went north with the judicial party from Edmonton, remained at Herschel Island, but will probably be brought to the "contingent" by dog team via the Yukon and Alaska on the completion of his dread duty.

Edmonton.—The report from Fort McMurray that three Eskimos have been sentenced at the Herschel Island Royal Canadian Mounted Police station makes it clear that the law will be avenged on the death of Corporal Mack, of the R.C.M.P., and Otto Bird, a white trader.

It was stated at R.C.M.P. headquarters that some seven Eskimos were to be tried on charges connected with the murder of Mack and Bird. The trial was held in the Royal Canadian Mounted Police station at Herschel Island, in the Arctic Ocean, where a number of the Eskimos had been slain. One Eskimo connected with the Mack-Bird murder was arrested by Corporal Mack and taken to the Tree River station. Here he secured access to a rifle and shot and killed Corporal Mack, and then in the same fashion, killed Otto Bird, manager of a Hudson's Bay trading post, who had been associated with the murder. It is regarded as certain that one of the Eskimos who has received sentence of death is the double murderer.

### B.C. To Lead Industrially

Will Soon Have Edge on the East Is Opinion Given

Victoria, B.C.—Industrial development in Canada from now on will be concentrated on the coast of British Columbia, according to Major D. H. Martin, Deputy Minister of Industries, who has returned after investigating the industrial situation in the highly industrialized areas of Eastern Canada.

"The eastern industrialists realize today that the Pacific Coast, British Columbia, is the logical place for industrial expansion because countries bordering on the Pacific will form Canada's greatest market in the future for manufactured goods," Major Martin said.

### Tidal Wave Destroys Town

Fishing Village in Lower California Wiped Out

Mexicali, Lower California.—Wireless messages received here report the destruction by a tidal wave of San Jose de Cakes, a small fishing town on the west coast of Lower California, just above Cape San Lucas. The number of lives lost is not known.

Most of the 500 inhabitants of the town are believed to have escaped to higher ground when the tidal wave swept over the place, according to radio advices sent out by a steamer which cleared Cape Lucas shortly before the catastrophe.

### What Will Attract Immigrants

To Offer Proper Inducements Is Solution of Problem

Motivator.—"The solution to the immigration problem lies not in expensive propaganda by the Government and the transportation companies, but in a general betterment of conditions here in Canada," S. W. L. Griffiths, until recently Deputy High Commissioner in London, declared.

Mr. Griffiths said that when immigrants here could write home and honestly say that living was cheaper and the employment situation good, then the immigration figures would increase to a very appreciable extent.

### WESTERN EDITORS

J. J. Redmond, Editor and Proprietor of The News, Maple Creek, Sask.

### Leipzig Is Bankrupt

Municipal Officers of German City Are Empty

London.—The Daily Mail's Berlin correspondent says the city of Leipzig has declared itself bankrupt. The municipal officers are empty and the city is unable to pay its employees. A delegation has been sent to Berlin to ask the central government to advance funds.

Certain towns of protection against fire losses existed among the Romans.

### ON WESTERN TOUR OF INSPECTION

E. W. BEATTY, PRESIDENT OF THE CANADIAN PACIFIC RAILWAY

Discussing Canada's general economic condition on his arrival from the east on his annual inspection trip, E. W. Beatty, President of the Canadian Pacific Railway, said it was generally better than last year, but only slightly better than last year, though the psychology of the country was far from being normal.

"This is in part due to the doubt that the country's trade will realize in money returns the full expectations which we expected earlier in the year," Mr. Beatty said. "If the crop is turned into cash readily and at fair prices, distinct improvement should be noticed before the end of the year."

No final estimate of the crop had yet been made by the company's officers, Mr. Beatty said. There seemed to be a wide span between the estimates made by other authorities, but from the threshing returns coming

## Acreage Signed Up Below Quota Necessary To Secure Wheat Pool

Regina.—With the termination of the wheat pool contract campaign in the province it was concluded by Geo. Robertson, publicity secretary of the pool, that the total acreage signed up will be considerably below the quota when all the contracts are in and counted up.

Mr. Robertson estimated that the final results could be between four and five million acres as compared with the 6,100,000 acres necessary to operate the pool under the conditions outlined when the campaign was initiated. This opinion was confirmed by other officials of the Saskatchewan Co-operative Wheat Producers Ltd.

Winning.—Handling of the contract for use by the Manitoba wheat pool organization next year is now complete. It was stated by W. E. Wood that the contract closely follows the five-year term contract adopted in Alberta and Saskatchewan, differing only in certain minor details.

Copies will be prepared in readiness for submission at the meetings of the farmers' organizations in the fall in order that members may be well acquainted with the terms before the annual convention of the United Farmers of Manitoba is held.

James A. Richardson was elected president of the Winnipeg Grain Exchange at the annual meeting held here, succeeding John B. Craig. J. C. Craig and C. C. Fields were elected vice-presidents and Dr. Robert Magill was re-elected secretary. In his address as retiring president, Mr. Craig pointed out that the past year was a difficult one for the grain trade. There was unrest among the farmers. The attempt to reorganize the wheat board which proved a failure and now the efforts to form contract pools all had a disturbing effect on the grain trade. Mr. Craig declared members must consider the interest of the public so that confidence in the present marketing system and in the integrity of the grain dealers may result. Even unified and honest handling and marketing of grain must ever be matters of paramount importance in a country where grain raising is the basic industry.

### Finnish Crop Failure

Helsinki.—Owing to inclement weather, the harvest in Northern Finland is a failure. The situation is serious and the Government is considering relief measures.

THE B. C. GOVERNMENT in one year made a profit of \$1,249,621 from the sale of liquor.

Of this amount the MUNICIPALITIES received \$115,492. THE SCHOOL DISTRICTS' contribution to the municipalities was \$118,855.

IN THE PROVINCE OF ALBERTA we have a large number of rural schools closed that would have been open had they received increased government grants made possible by such contributions. Our PROFITS from the sale of liquor go to the POOT LEGGER.

**It's Time to Wake Up--Outsiders Are Getting Your Business--Advertise in the Didsbury Pioneer.**

## AROUND THE TOWN

Mr. Alg Hardy of Calgary, was a visitor at his home here this week end.

The Rugby Women's Institute will hold an entertainment and sale on Friday November 23rd.

The Didsbury Women's Institute will meet at the home of Mrs. Reiber on Friday, October 14th.

A demand was made by the debtors of the defunct Home Bank recently that all the other banks assume their losses has been turned down as being impracticable.

Mr. A. C. Fisher has taken over the agency for the British American Oil Company and has opened up an office on Wall Street, next to Mr. Barrett, which he will also use as his insurance office.

Prospects for a good curling season are fine, a large number of devotees having signified their intention of participating in the rip-roaring game this season as well as a lot of new timber.

The Mountain View Women's Institute will meet in Community Hall at 230 p. m. October 18th. The roll call to be answered by something bearing on temperance and all ladies are cordially invited to attend.

A mass meeting will be held on Thursday, October 18th at 3 o'clock in the Evangelical church in the interest of the coming campaign. Reports of the W. C. T. U. convention held at Red Deer will be given. An invitation is extended to all mothers who are concerned in the welfare of our boys and girls, to attend.

We have received no reports of any exceptional yields of grain in this district yet but according to general talk from west of town, where most of the wheat grown is of the Ruby variety, the yield will easily run 35 bushels to the acre of wheat. Threshing is not nearly completed although every effort is being made to get it done if possible before bad weather sets in.

Klein-Imm

A very pretty wedding was solemnized on Sunday, October 7th at 1:30 p. m., at the home of Mrs. F. W. Imm, when her daughter, Miss Frieda Elsie, was united in marriage to Mr. Irwin L. Klein. The double-ring ceremony was performed by the Rev. W. B. Deakin, B. A.

The bridal party stood in the midst of lighted candles under a large bell and white and pink arch, finished with fern and bunches of pansies and evergreens. Mrs. W. F. Imm played the wedding march as the bride was given away by her brother. Mrs. W. F. Imm played the

wedding march as the bride was given away by her brother Mr. W. F. Imm. The bride wore a gown of white silk crepe-de-chene and carried a bouquet of white roses and carnations. After donning a tulle veil bore her mother's wreath of orange blossoms. Miss Elsie M. Imm, sister of the bride acted as bridesmaid and wore a sky blue duchesse satin, while Wilfrid D. Klein supported the groom.

After the ceremony all were invited into the dining room where a bounteous four course dinner was awaiting them. For the evening the bride wore a handsome heavy silk radium evening jacket to match dress. After a shower of rice, the evening was spent in music and singing. After a jolly midnight luncheon the guests departed.

The happy couple left with the early morning train for an extended trip to Vulcan. They will be at home after March 1st, 1924, where a warm welcome will be awaiting them.

David Lloyd George is receiving a tremendous ovation wherever he shows himself. New York, where he landed and where he stayed for a few hours simply went wild over him. Unfortunately the little Welshman will be unable to come further west than Winnipeg, in fact through an attack of heartiness he has had to cancel some of his engagements.

**WANTED:**—Man and wife with job on farm, with a good cook. Information at Pioneer Office. ttc38
